Three-Channel Local Market Entry

Before investing in large-scale digital campaigns, Ashth Europe establishes real market presence through three complementary channels — exclusive private events, a weekly interim showroom in key cities, and white-glove home appointments — all driven by targeted digital marketing on LinkedIn, Facebook, and Instagram.

Channel 1

Private Showcase Events

Curated cocktail evenings in Luxembourg. By invitation only. 20–30 guests from the professional and financial community. The Ashth Cut® as the centrepiece.

- Intimate format — luxury is experienced, not browsed
- Pre-qualified guest list from professional networks
- Direct sales + appointment bookings at the event
- Each event funds the next through direct sales

Channel 2

Concierge Appointments

Clients browse the online catalogue, select pieces of interest, and book a private in-person appointment. Kuntal brings a curated selection directly to the client — home, office, or chosen venue.

- Website as catalogue + appointment booking engine
- Client qualifies themselves via budget field
- Appointments within 300km of Luxembourg
- Outer-radius (Paris) requires minimum sale threshold

Channel 3

Weekly Interim Showroom

One dedicated appointment day per week at a shared professional office in Luxembourg, Brussels, and Paris on rotation. Clients come to a proper showroom environment — not a home, not a café. Builds the perception of a permanent European presence without a lease.

Luxembourg	Brussels	Paris	Format
Every week — home base, most frequent	Bi-weekly — 2hrs drive, strong HNW density	Monthly — outer radius, high-value only	4–6 back-to-back appointments, 45 min each

Why Events First — Not Digital Advertising

Luxury jewelry at the €2,000–20,000 price point is not impulse-purchased through Instagram ads. It is bought through trust, personal experience, and touch. European luxury brands — from Cartier to Van Cleef — have always led with personal relationships before scaling to mass media. This strategy builds that trust base first. Digital marketing amplifies what already exists; it cannot create it from scratch.

Luxembourg — Home Base

Luxembourg is the operational base — the city where the brand lives, events are held, and appointments are frequent. The driving radius extends to Paris and beyond, where distance creates a natural qualification threshold.

■ ■ Luxembourg City — Home Base

Europe's wealthiest country per capita. 140+ international banks, the European Investment Bank, and one of the continent's most concentrated financial communities. A city of 650,000 where the right 300 people represent extraordinary purchasing power. Events and appointments at all price points.

■ ■ The 300km Driving Radius

Brussels, Frankfurt, Strasbourg, Nancy — and Paris at the outer edge. As drive time increases, the minimum sale expectation rises. Paris (2hrs by TGV) warrants consideration only for confirmed high-value opportunities. Distance is a qualifier, not a barrier.

Distance Qualification Framework

Zone	Distance	Drive Time	Min Sale Threshold
Luxembourg City	0 km	—	Any sale — all price points
Luxembourg region	0–50 km	< 45 min	Any sale — all price points
Brussels / Frankfurt / Strasbourg	150–250 km	2 hrs	€3,000+ confirmed interest
Paris (TGV preferred)	~370 km	2 hrs TGV	€5,000+ confirmed interest

Running the Perfect Showcase Evening

Every detail of the event is intentional. Exclusivity is the product. The moment a guest picks up the Ashth Cut® and looks through a loupe, the sale begins.

Venue Options — Luxembourg City

Tier 1 — Best Option ■ Bank or Finance Partner Co-Host The ideal venue is free. Approach a private bank as co-host — they provide the room in exchange for offering their HNW clients an exclusive experience. Banks say yes to this regularly. <i>"We'd like to offer your private banking clients an exclusive first European showing of an Indian luxury lab-grown diamond brand. You provide the room and your client list. We provide the jewellery and the experience."</i> → Banque de Luxembourg — private client events core to their culture → BGL BNP Paribas — largest retail bank, strong event program → Pictet / Lombard Odier — wealth management, ideal HNW audience → ING Luxembourg — international clientele, modern event spaces	Tier 2 ■ Boutique Hotel Private Dining Room €300–600 room hire. Central, professional, easy parking. → Sofitel Luxembourg Europe — central, professional → Hôtel Le Place d'Armes — heart of old town, elegant, intimate → Meliá Luxembourg — European quarter, business crowd Tier 3 — Restaurant Private Room €0 if minimum spend met on food and drinks. → Clairefontaine — Michelin-starred, exactly the right clientele → Mosconi — iconic Luxembourg fine dining, Italian clientele → La Pomme Cannelle — good for younger professional crowd Tier 4 — Art Gallery €200–400. The aesthetic fits perfectly: jewellery as wearable art.

Event Format & Flow — The 2.5-Hour Programme

7:00–7:30	Arrival, champagne, mingle — jewellery displayed on velvet stands throughout the room
7:30–7:45	5-min brand story: "Mine. Not Mined." + the Ashth Cut® loupe demo — this is the anchor moment of every event
7:45–8:30	Open viewing — guests handle pieces freely, Kuntal explains the story behind each one
8:30–9:00	1-on-1 conversations with interested guests — no pressure, just stories
9:00–9:30	Close — anyone not ready to buy receives a private appointment card. WhatsApp follow-up within 24hrs.

■ The Ashth Cut® Moment — Place under a loupe at its own stand

97 facets, the hidden diamond inside the diamond. Every guest who looks through the loupe will stop and stare. That reaction is your best sales tool. Also bring 4–5 pieces specifically for men — bracelets, rings, cufflinks. A room of bankers and lawyers includes men buying for themselves or their partners. Under-served market, strong emotional purchase decisions.

How to Fill the Room — 5-Step Outreach Plan

Step 1	LinkedIn Event (2 weeks before)	Create a LinkedIn Event tied to the Ashth Europe page. Invite: CFO, Partner, Director, Private Banker, Wealth Manager. Location: Luxembourg, 50km radius. Industries: Financial Services, Legal, Real Estate, Healthcare.
Step 2	Facebook Event + Boost (2 weeks before)	Facebook Event with best jewellery photo. Boost €50–100. Targeting: age 30–55, Luxembourg +50km, interests: luxury goods, fine dining, investment, income bracket top 25%.
Step 3 — Most Important	Personal Outreach	Eytan personally invites 10–15 people from his Luxembourg real estate and business network. These become the room anchors — people who know and trust him, who will bring a partner or colleague. For the first event, this channel fills the room.
Step 4 — Zero Cost	Indian Expat Community	Post from Kuntal in Luxembourg's Indian community Facebook groups: Indians in Luxembourg, Indian Expats Luxembourg. Zero advertising cost. Reaches exactly the right cultural audience.
Step 5	Business Networks & Clubs	FEDIL (business federation), Chambre de Commerce Luxembourg, EWLA (European Women Lawyers Association — perfect for jewellery), Luxembourg for Business newsletter.

Event Budget

Item	Low	High
Venue (bank room = free / hotel room hire)	€0	€600
Champagne + canapés (25 guests)	€400	€900
Printed invitations (optional)	€80	€150
Jewellery transport & insurance	€150	€400
Event photography (1 photographer, 2hrs)	€200	€400
LinkedIn + Facebook + Instagram event promotion	€150	€300
Total per event	€980	€2,750

Target: €1,500 per event

One piece of jewellery sold covers 3–5 events. The objective is not to break even on the event itself — it is to build the network that generates appointments and referrals for the next 6 months.

Interim Day Offices — A Permanent Presence Without a Lease

One dedicated appointment day per week at a professional shared office in Luxembourg, Brussels, and Paris on rotation. Clients arrive at a proper business address — not a hotel lobby, not a home. This creates the perception of an established European presence from day one, at a fraction of the cost of a real office.

Every Week ■■ Luxembourg — Home Base Weekly appointment day in Luxembourg City. The most frequent cadence — this is home. Any confirmed buyer from the local area can come here rather than receiving a home visit. Recommended Spaces → Regus / IWG Luxembourg — professional business centres, private day offices → Nyuko — Luxembourg's leading scale-up hub, polished professional environment → Lux Future Lab — innovation hub, central, well-known business address Day office cost: €50–120/day · Private meeting room, Wi-Fi, professional address · Book per session — no contract	Bi-Weekly ■■ Brussels — 2hr Drive Brussels represents a significant HNW market — EU institutions, multinationals, diplomatic community, Belgian business elite. Bi-weekly appointment days batch multiple clients per trip. Recommended Spaces → Silversquare — Belgium's premium coworking, Louise + North locations → Spaces (IWG) — professional business centres, multiple Brussels locations → WeWork Brussels — Espace du Lac, city centre, flexible day offices Day office cost: €50–100/day · Min 3 appointments to justify the drive	Monthly — High Value Only ■■ Paris — Outer Radius Paris appointment days are monthly and reserved for confirmed, high-value opportunities. TGV from Luxembourg takes 2 hours — batch 4–5 appointments on the same day to justify the trip fully. Recommended Spaces → Wojo by Accor — inside Accor hotels. Hotel elegance + business professionalism. Ideal for luxury viewings. → Morning Coworking — premium Paris coworking, multiple arrondissements → Spaces / Regus Paris — Opéra, Madeleine, 8ème — ideal for luxury clientele Day office cost: €70–150/day · Min 4 appointments + TGV included in trip budget

Interim Showroom Cost Summary

City	Frequency	Day Office Cost	Travel	Monthly Est.
■ ■ Luxembourg	Weekly	€50–120/day	€0	€200–480
■ ■ Brussels	Bi-weekly	€50–100/day	€15–30 fuel	€130–260
■ ■ Paris	Monthly	€70–150/day	€50–80 TGV return	€120–230
Total monthly	—	—	—	€450–970

One sale per appointment day covers the entire monthly showroom budget. Two sales per day makes the programme self-funding.

Running the Private Appointment

The home or office appointment is the highest-conversion format in luxury sales. The client is in their own space, relaxed, and has already self-qualified through the booking form. Kuntal's job is to match the right piece to the right person.

■ Where to Meet

✓ **Best Client's home** — highest comfort, highest conversion. Partners are present, the environment invites purchase.

✓ **Good Client's office** — fast, professional, effective for gifts and milestone purchases.

✓ **Interim showroom / day office** — neutral, professional, great for clients who prefer not to share their home address.

✓ **Hotel lobby lounge** — comfortable, neutral, good for first-time clients.

✗ **Avoid Cafés or casual venues** — undersells the product and the brand. The setting is part of the luxury.

■ The Booking Form — Qualification Filter

Every field is intentional. The form does the qualification work before Kuntal commits to a drive.

- Name + location (city + country)
- Which collection or piece caught their attention
- Occasion — engagement, gift, anniversary, personal
- **Budget range** — €500–2K / €2K–5K / €5K–15K / €15K+ (*the key qualifier*)
- Preferred date window + WhatsApp number

The Budget Rule

€500–2K → directed to the website shop for self-service purchase. responds within 24hrs.

Recommended Tool: Calendly (€15/month)

Connect a Calendly booking form to Kuntal's calendar. Embed on asht.eu — on every product page, the homepage, and the navigation. No custom coding required. Can be live within one day. Clients select a time slot, fill in the qualification questions, and Kuntal reviews before confirming. Simple, professional, and scalable.

Three Platforms. One Coherent Presence.

LinkedIn, Facebook, and Instagram each serve a distinct purpose — together they cover professional outreach, event promotion, and visual brand building across the full target audience.

Professional Network

■ LinkedIn

Reaches the professional buyer: finance, law, executive management. The only platform where you target by job title, seniority, and company — within a precise geography.

- Ashth Europe company page
- LinkedIn Events for each cocktail showing
- Sponsored posts by job title + location
- "Book a Private Viewing" ads
- Brand content: the Ashth Cut®, product stories

Event Promotion

■ Facebook

Drives event attendance and appointment bookings through precise demographic targeting. Best platform for promoting cocktail showings and reaching the lifestyle buyer segment.

- Facebook Events for cocktail showings
- Boosted posts: income bracket + luxury interests
- Retargeting: website visitors
- appointment ads
- Indian expat community groups (zero cost)
- Carousel ads: collection highlights

Visual Brand

■ Instagram

Primary visual portfolio for the brand. Luxury jewelry is discovered on Instagram before it is searched anywhere else. This is where the Ashth Cut® becomes a talking point.

- Reels: the 97-facet Ashth Cut® up close — shareable
- Stories: behind the scenes, event previews, new arrivals
- Product carousels: each collection with euro pricing
- "Book a Private Viewing" link in bio
- Targeted ads: luxury interests, 28–50, Luxembourg + region

The Indian Expat Audience — Fastest Entry Point

Luxembourg and Paris together host one of Europe's most significant Indian professional communities — EU institution employees, finance executives, technology leaders. This audience understands ConsciousCarats' cultural heritage, responds to "Mine. Not Mined." instinctively, and represents the highest conversion probability of any European segment. They are reachable for free through community Facebook groups, LinkedIn connections, and WhatsApp networks.

Phase 1 Budget Overview

A lean, event-first budget designed to generate revenue before requiring significant ongoing spend.

■ Per Event (Luxembourg or Paris) Estimated range per cocktail showcase event: Venue & Catering €400–900 Jewellery Transport & Insurance €150–400 Event Promotion (all platforms) €100–250 Printed Materials (optional) €80–150 Total per Event €730–1,700	■ Monthly Ongoing (Showroom + Digital) Monthly operational cost once the system is running: LinkedIn Ads €200–400 Facebook / Meta Ads €150–300 Interim Showroom (3 cities) €450–970 Booking System (Calendly) €15 Content Creation €0–300 Monthly Total €815–1,985

ROADMAP

Phase 1 — 6 Month Plan

A deliberate, month-by-month build. Infrastructure first. Audience second. Events third. Appointments run in parallel from Month 2 onward.

Month 1	Foundation	LinkedIn company page and Kuntal's profile live. Facebook Business page launched. "Book a Private Viewing" added to ashth.eu. First event venue confirmed for Month 2. Guest list building begins. Indian expat community outreach in Luxembourg.
Month 2	First Luxembourg Event	First cocktail showcase in Luxembourg City. 20–30 invited guests from the professional and financial community. Direct sales target: 2–4 pieces. First appointment bookings from the website go live. Interim showroom day office in Luxembourg launched.
Month 3	Appointments + Optimization	First private appointment week across Luxembourg region. Brussels bi-weekly showroom day launched. Event follow-ups converted to appointments. Digital ad performance reviewed and optimized. Paris visit day scheduled.
Month 4	Regional Expansion	First appointments confirmed beyond the 1-hour radius. Brussels, Frankfurt, or Paris depending on pipeline. LinkedIn and Facebook ads extended to cover the broader regional geography. Distance-based qualification filter active on all booking requests.
Month 5	Established Rhythm	Regular Luxembourg events + a consistent regional appointment pipeline. Outer-radius visits scheduled when qualified leads justify the drive. Client referral network beginning to generate organic introductions across the region.
Month 6	Phase 1 Review + Phase 2 Planning	Sales data, client database, and digital performance reviewed. Assessment of whether Phase 2 — broader EU digital campaign — is warranted based on demonstrated demand. Decision on expanding inventory, adding markets, or deepening Luxembourg and Paris.

A Clear Division of Responsibility

This strategy works because the roles are distinct. Marketing and business development are separated from client relationships and sales — each handled by the person best positioned to deliver it.

Client Relationships & Sales

- Event hosting — the face of Ashth in Europe
- Appointment qualification and confirmation
- Concierge viewings — Luxembourg region and Paris visit days
- Product curation for each appointment based on client interest
- Post-appointment follow-up and WhatsApp relationship management
- Inventory coordination with Mumbai team
- Client database and referral network management
- "Book a Private Viewing" system setup and appointment flow management
- Local business community introductions and relationship building

The Next Step

This document outlines the strategic framework. The immediate practical next steps are: setting up the digital infrastructure (LinkedIn page, Facebook page, booking system on ashth.eu), identifying and confirming the first Luxembourg event venue, and beginning the guest list outreach. All of this can be completed within two to three weeks. The first event can be live within 45 days.
