Local Market Entry Strategy

"Mine. Not Mined." — Ready for Europe

Luxembourg as Home Base · Regional Radius up to 300km

Luxembourg	300km	€0	6 months
Home Base	Addressable Radius	Ad Spend to Start	Phase 1 Timeline

CONFIDENTIAL — Prepared by Eytan.com for ConsciousCarats Private Limited · ashth.eu

— THE APPROACH —

Two Channels. One Coherent Strategy.

Before investing in large-scale digital campaigns, Ashth Europe establishes real market presence through two proven luxury sales channels — exclusive private events and concierge home appointments — powered by targeted digital marketing on LinkedIn and Facebook.

CHANNEL 1	CHANNEL 2
Private Showcase Events Curated cocktail evenings in Luxembourg. By invitation only. 20–30 guests from the professional and financial community. The Ashth Cut® as the centrepiece. • Intimate, exclusive — luxury is experienced, not browsed • Pre-qualified guest list from professional networks • Direct sales at the event + follow-up appointments • Each event funds the next through direct sales	Concierge Appointments Clients browse the online catalogue and book a private appointment. Kuntal brings a curated selection to the client — at their home, office, or chosen venue. • Website = catalogue + appointment booking engine • Client qualifies by interest & budget • All appointments within 300km of Luxembourg • Outer-radius visits require minimum sale threshold

Why This Approach — Not Digital Advertising First

Luxury jewelry at the €2,000–20,000 price point is not impulse-purchased through Instagram ads. It is bought through trust, personal experience, and touch. European luxury brands have always led with personal relationships before scaling to mass media. This strategy builds that trust base first. Digital marketing amplifies what already exists — it cannot create it from scratch.

— GEOGRAPHIC COVERAGE —

Luxembourg — Home Base

Luxembourg is the operational centre — where events are held, the brand is established, and appointments are frequent. The driving radius extends outward across the region, with distance acting as a natural qualification threshold: the further the drive, the higher the expected sale value needs to justify the trip.

■ ■ Luxembourg City — Home Base

Europe's wealthiest country per capita. Home to 140+ international banks, the European Investment Bank, and one of the continent's most concentrated financial communities. Luxembourg is where events are held and where appointments operate at all price points — the drive is short, the audience is wealthy, and the brand builds naturally.

■ ■ The Driving Radius — Up to 300km

The addressable territory extends to Brussels, Frankfurt, Strasbourg, Nancy — and Paris at the outer edge (2hrs by TGV). As drive time increases, the minimum sale expectation rises accordingly. Paris-level distances are viable only for confirmed, high-value opportunities. Distance is not a barrier — it is a qualifier.

Driving Radius — Distance as a Qualification Filter

Drive Time	Cities & Areas	Appointment Policy
30–60 min	Trier (DE), Thionville (FR), Esch-sur-Alzette	Any confirmed buyer
1–1.5 hrs	Metz (FR), Saarbrücken (DE), Liège (BE), Arlon (BE)	Any confirmed buyer
2 hrs	Nancy (FR), Strasbourg (FR), Brussels (BE), Frankfurt (DE)	Confirmed buyer, €2K+ interest
2–3 hrs (TGV)	Paris — outer radius	Confirmed buyer, meaningful threshold

— DIGITAL MARKETING —

LinkedIn & Facebook — Precision Targeting

Two platforms. Two distinct roles. Together they cover the full spectrum from professional outreach to lifestyle discovery — driving both event attendance and appointment bookings.

LinkedIn — Professional Network

Facebook & Instagram — Lifestyle Discovery

- Ashth Europe company page as the brand hub
- LinkedIn Events for each cocktail showcase
- Sponsored content: job title + seniority + location
- "Book a Private Viewing" ads
- Target: CFOs, Partners, Directors, Private Bankers
- Geography: Luxembourg + regional radius

- Facebook Events for public-facing showings
- Boosted posts: income bracket + luxury interests
- Instagram Reels: the 97-facet Ashth Cut® in motion
- Retargeting: website visitors → appointment booking ads
- Indian expat community groups — zero ad cost
- Geography: Luxembourg + 300km cross-border region

The Indian Expat Audience — Fastest Entry Point

Luxembourg and the surrounding region host a significant Indian professional community. This audience understands ConsciousCarats' cultural heritage, responds to "Mine. Not Mined." instinctively, and represents the highest conversion probability of any European segment. Reachable through community Facebook groups, LinkedIn, and WhatsApp — at zero advertising cost.

— APPOINTMENT SYSTEM —

The Website as a Concierge Platform

The existing ashth.eu catalogue requires one addition: a "Book a Private Viewing" flow. Clients browse, identify pieces of interest, and request a personal appointment. Kuntal brings the jewellery to them.

BROWSE	REQUEST	QUALIFY	VIEWING	PURCHASE
Client views collection on ashth.eu	Fills booking form — location, interest, budget range	Kuntal reviews within 24hrs; outer-radius threshold checked	Kuntal arrives with curated selection at client's location	Payment on-site or via link within 24hrs

What the Booking Form Captures

- Name and location (city + country)
- Which collection or piece caught their attention
- The occasion — engagement, gift, anniversary, personal purchase
- Preferred budget range (€500–2K / €2K–5K / €5K–15K / €15K+)
- Preferred date window and contact method (phone or WhatsApp)

— INVESTMENT —

Phase 1 Budget Overview

Item	Per Event	Monthly Ongoing
Venue & Catering	€400–900	—
Jewellery Transport & Insurance	€150–400	—

Event Promotion (LinkedIn + Facebook)	€100–250	€350–700
Booking System Tool	—	€15–50
